

DAN PATCH---1:55

DAN PATCH occupies that enviable position in the racing world that Alfred Benjamin productions do in the world of fashion. It would be equally as easy for an ordinary horse to attempt to equal the record of the famous Dan Patch as for the ordinary manufacturer to attempt to equal the style, tailoring and degree of excellence that go to make the perfect garments furnished us by the world renowned hours of ALFRED BENJAMIN & CO.

THE HUB

BENJAMIN "SEABRIGHT" Sack Suits for Fall

Made in New York

THE perfectly equipped tailor shops of ALFRED BENJAMIN & CO. are in the very centre of the fashion centre of the world for men's clothing. These "Benjamin" Seabright Sack Suits were made but a block from Broadway, a minute's walk from Fifth Ave. But there is more than the correctness of style to commend them--the fabrics are faultless and the workmanship is of the highest class, yet they cost no more than the inferior sort of clothes.

\$15 to \$40

From Valley Neighborhoods

Roosevelt, Ariz., Nov. 7.—(Special Correspondence of The Republican.)—The lower coffer dam which is made of stone and is used to prevent the water from pouring back to the dam from the tunnel was wrecked in the recent flood but was soon repaired with clay from the hillside. The upper coffer dam allows but little water to pass except at flood time then the upper part which is not wide allows the water to pass through the cement. Sunday there was a slight rise in the river and more water was passing over the dam than on Saturday. The hydraulics pump were put to work and by Tuesday a.m. the excavation was drained and masonry work begun. Rapid progress was made and Wednesday was the record breaker in the masonry work. 100 skip loads of cement were used on an eight hour shift. This means about a skip of cement every four minutes. At this rate of progress it is calculated that the foundation of the dam including the west rim can be completed in about four weeks. Work on the rim will make a good showing in a short time as the bed rock slopes toward the center and as the work reaches toward the edge the depth of the masonry work decreases. Every layer of stone laid at the back of the dam is set in about nine inches farther than the layer beneath as the foundation is to be about three times the width of the highest part.

R. A. Battenfield and M. Moran both of Nogales, Arizona, arrived in town Monday and will probably fill positions for O'Rourke & Co.

Mr. and Mrs. D. M. Thomsberry and Mrs. E. Cummings of Globe spent Sunday in town looking over the work. George T. Symonds and Mr. Noel of Mesa were in town on Monday enroute to Payson where they have mining interests. Mr. Noel has been interested in this district for the past seven years.

George Scott the sheep man of Mesa who has been up in the mountains near Pine with his family for the summer stopped in Roosevelt Monday enroute to his home. Mrs. Scott returned to Mesa several weeks ago to put the children in school.

Walter Lohkin the U. S. R. S. photographer reached Roosevelt Monday evening by stage from Mesa. Mr. Lohkin has been in the northwest during the summer photographing the work on the irrigating projects but as the summer work during the winter months he has been transferred to the southwest for the winter and will make his headquarters some place in the Salt River Valley in easy reach of the Yuma, Granite Reef and Roosevelt work. While away Mr. Lohkin visited his home in Boise, Idaho. He received a hearty welcome at the government headquarters in his arrival.

Mr. Carl Weitz, government engineer, expects to start on a month's vacation on Saturday next. He will visit Los Angeles and many of the coast town before his return.

Hunting is a sport that is being much indulged in by the fellows on the hill Monday evening Miss Ringgold found

herself in possession of so many quail that it seemed necessary for their disposal to invite in the sportsmen. Of course they were delighted and enjoyed the sport in every particular. The fortunate ones were the Messrs. Dearay, Bodie, Henderson, Gray, Pichlin, Medler, Weitz and Jones.

Mr. and Mrs. Justus Ubrich arrived at the government headquarters on Wednesday. Mr. Ubrich has been appointed to the position of head electrician at the cement mill and will take charge at once.

Mr. and Mrs. J. W. McFarland who have had charge of the dining room at the headquarters mess for over a year have resigned and are leaving by Saturday's stage for Mesa. Mrs. McFarland and the children will spend the winter in Mesa and Mr. McFarland will look after mining interests at Goldfield. They have made many friends in Roosevelt who regret their departure.

Jack Pemberton is expected in town on Friday. He has been on the range near Fish Creek for several weeks. W. M. Pikes of Phoenix made a business trip to Globe stopping in town on Monday.

Rebecca Parker and T. H. Harris of Wheatfields were in town Tuesday and left Wednesday for Mesa and Phoenix. J. E. Puckett and wife of Globe stopped in Roosevelt Tuesday enroute to Mesa. They expect to take in the territorial fair and will probably spend the winter in Mesa.

Miss H. M. Hendrick of Globe was in town on Wednesday and took the stage on Thursday for Mesa enroute to Phoenix where she will apply for admittance to the bar and she will practice law in Globe.

Norman J. Johnson of Globe was in town on Wednesday. George Motrovich arrived on Wednesday and will probably work for O'Rourke & Co.

C. Price of Mesa was in town on Wednesday leaving by stage for Mesa Thursday.

M. Moran made a business trip to Payson on Thursday.

Mrs. J. W. Miller and daughter went to Mesa on Saturday by stage.

M. Verticchio went to Mesa Monday. W. O. St. John the goat man of Ox Bow was in town Monday and went by stage Tuesday to Globe on business.

Nutlie Popevich left Roosevelt Saturday and will work in Globe.

Mr. and Mrs. Jim Thompson are the happy parents of a nine pound boy born on Friday. Dr. Smith attended the case. Mother and child are doing nicely.

Louis C. Hill and party arrived from Phoenix on Wednesday evening. The first party consisting of H. H. Hallis of Chicago, Robert Mather of New York, F. M. Murphy of Prescott and Louis C. Hill arrived at 8 p. m. The second car containing Charles D. Norton of Chicago, W. E. Stanton of Tombstone, Arizona and George W. Vickers of Phoenix got started on the wrong road just before reaching town and arrived half hour behind the first party.

F. A. Donelson from Tennessee arrived Tuesday from Globe and has taken a position as salesman for M. C. Webb and company.

A. H. Demichio who has been in and about Mesa surviving on the transmission line returned on Thursday evening.

Harry Bodie who has been working on the transmission line with Mr. Demichio returned on Monday.

Jack Barber, a forest ranger, who has been up in the Payson country is visiting the government headquarters.

Those registered at the Hotel Roosevelt this week were: Mr. and Mrs. D. M. Thomsberry, Globe; Mrs. E. Cummings, Globe; W. M. Pikes, Phoenix; George T. Symonds and M. Noel, Mesa; Rebecca Parker, Wheatfields; J. E. Puckett and wife, Globe; R. A. Battenfield and M. Moran of Nogales; Miss H. M. Hendrick, Globe; Norman J. Johnson, Globe; George Motrovich, Roosevelt; C. Price, Mesa.

Charles Mow a Chinaman, who has been in the restaurant business in Roosevelt for several months died suddenly from hemorrhage of the lungs early Thursday morning. As he had no medical attendance a coroner's inquest was held on Thursday p. m. He was fifty-eight years old and had suffered with lung trouble for some time. He was a Mason of high rank in China and he contemplated leaving for his native land soon. His body will be taken to Globe on Friday.

P. Jones and H. Svedden of San Carlos visited the government headquarters on Thursday.

E. Strait and family arrived from Globe on Thursday evening and will probably spend the winter here.

THE BUCKEYE COUNTRY.

Buckeye, Ariz., Nov. 6.—(Special Correspondence of The Republican.)—Geo. H. Newsham visited Arlington last week and returned to Phoenix Monday. James S. Day was here from Phoenix last week, returning Monday.

P. E. Moore is in Phoenix marketing alfalfa seed.

Riley Johnston and wife went to Wendon yesterday.

Dr. L. H. Thayer started for Lima, Ohio yesterday on receipt of a telegram that his father was sick at his home in that place.

Revs. McCloud and Ames are holding meetings in the Free Methodist church at Liberty this week.

N. L. Carpenter's well drilling outfit has just completed a well for the Palo Verde school district. The well was put down on the P. H. Benson place, some land was secured there recently and the school house will be moved there some time in the future.

Walter Jones has just completed gathering some sorghum seed, he estimates it will yield 2000 pounds per acre of clean seed.

The Dwight B. Heard real estate office of Phoenix is preparing to have a booth at the fair to contain Buckeye products exclusively. Mr. Hirst and Mr. Day of the office membership both have real estate here and are taking especial interest in gathering a Buckeye exhibit.

John Roberts has some stray horses, thought to have come from Wendon. A meeting was held at Buckeye last Saturday at which a number of matters of interest to this section were discussed. The advertising campaign

was quite thoroughly gone over and the matter of getting a daily mail service from Phoenix was talked of. The improvement of our county roads was also discussed. A better mail service is very much needed by the Liberty, Buckeye and Arlington people.

The regular monthly meeting of the directors of the canal company was held yesterday; they employed E. J. Richardson of Arlington for superintendent at the head of the Buckeye canal. Mr. Richardson has had charge of the Arlington canal for some time and has been very successful in keeping water in that ditch. It is a Gila river proposition as is the Buckeye, but Mr. Richardson knows how to keep the water in that canal at very little expense.

A number of citizens of Arlington and Buckeye met at Johnston's store yesterday for the purpose of forming a cotton growers' association. It is not thought that cotton is the very best crop that can be raised in this region and it is not expected that it will take the place of any crop now raised here, but there are a number of our people who understand cotton growing perfectly and know that a considerable amount of land that is not yet in alfalfa would produce good crops of cotton. They state that families from the older cotton producing districts could be induced to come here if they could be assured of making good cotton crops; and we "alfalfa fellows" think they might finally be led to growing alfalfa and dairy cows, however an organization was perfected, with Riley Johnston elected president.

W. L. Strickland vice president, Rev. Wolern secretary, and J. R. Gibson treasurer. It is fully expected that a considerable acreage will be planted next season.

School books are very hard to procure. Some of the children are still unprovided.

George Drew is still cutting alfalfa seed. We don't know whether he intends to quit for Christmas or not.

Millage and Gibson's thrasher has recently finished a job of alfalfa seed threshing at St. Johns.

Alfalfa seed has yielded an income of between \$50,000 and \$100,000 to the farmers of Buckeye who have grown seed this year; not one-half of the ranchers have attempted the production of seed. The yields obtained here per acre have never been known to be equaled anywhere. The good prices obtained and the unlimited market is destined to make Buckeye famous.

This community was painfully shocked by the news of the death of Mrs. C. M. Zander at Tempe last Saturday. Mrs. Zander was held in high esteem by many friends here and her death is greatly mourned. There are many expressions of sympathy for Mr. Zander and the little children.

W. R. BLACKMER.

THE FOWLER DISTRICT.

Fowler, Ariz., Nov. 9.—(Special Correspondence of The Republican.)—Several neat buildings are going up in this vicinity. Mr. Kessler, Mr. Howard and Elmer Cartwright are building new houses. The M. E. church at Cartwright and the Christian church one mile south, are each putting up new houses of worship.

Mr. and Mrs. Jess Holly are the parents of a new son.

Nettie Kay has been quite sick the past week.

Mr. and Mrs. John Flock, Mrs. Mary Seller and Miss Kathryn Yelch of Olney, Illinois visited with Mr. and Mrs. E. J. Flock the first of the week. The party left Friday for San Diego to spend the winter.

DEATH OF THOMAS O'MALLEY.

Thomas O'Malley, who was taken suddenly ill in a restaurant Friday night, was removed to a lodging house and died last evening, never having regained consciousness. Letters in his pockets indicate that he came here from Valley City, North Dakota, but that is about all that can be learned about him. He may have friends here but 12 so, no one knows who they are. The body is at the parlors of Moore & McEllan, awaiting authorized disposition.

CAME FROM ENGLAND.—Percy Keen, a nephew of A. H. Davidson, and a brother of J. Keen, arrived here yesterday morning from England, via the Santa Fe. He is an experienced chauffeur, and comes to make this his home.

Piles Quickly Cured at Home

Instant Relief, Permanent Cure—Trial Package Mailed Free to All in Plain Wrapper.

Half of the suffering and torture of piles has never been told. But no matter. Whether your particular case of piles is almost too excruciating for any mortal to bear, or if you are fearfully tantalized by unrelenting itching, or whether you have only a moderate case of piles, there is positive relief, and quick, too, in Pyramid Pile Cure.

You need not take for granted all we ourselves say about our Pile Remedy. We want it to speak for itself. We want you to send for a free package, today, of the marvelous Pyramid Pile Cure. We want to prove these statements to you personally, so that you will feel the result yourself. Follow a few simple directions. Get well to stay well.

You won't have to stop working one single day.

No tortures from operations. No heavy doctor's bills.

Here, for instance, is a sample of the kind of letters we get every day and we don't have to ask for them:

"Friend, I write to tell what good your Pyramid Pile cure has done for me. I used your sample, and it did me so much good I went and got two boxes, and I used one and I am another man altogether. I have no pain, no piles, and I have been troubled with them for over 50 years, and could find no relief till now, thanks to your timely cure. Use my name if it will do you any good. Isaac Smith, Wharton, New York."

For free sample send to the Pyramid Drug Co., 96 Pyramid Building, Marshall, Mich., or you can buy Pyramid Pile Cure in any drug store for 50 cents a box.

STOCKHOLDERS' MEETING.

Notice is hereby given that the annual meeting of the Arizona and California Railway company will be held at the office of this company, in the city of Prescott, Territory of Arizona, on Wednesday, the 26th day of November, 1907, at 12 o'clock noon, of said day, for the purpose of electing a board of directors for the ensuing year, and for the transaction of such other business as may properly be brought before the meeting. Books for the transfer of stock will be closed November 5th, remaining closed until December 5th.

Visitors Welcome.

Come and bring your friends, a competent guide will show you around.

JOSEPH T. TROTTER, Owner.

Have you the time to

devote to your advertising? Any business man who can afford to buy space in The Republican ought to so use that space that it will make money for him by interesting people in his goods or proposition. Newspaper advertising will surely add customers to your list if properly done. Here is my proposition. If you are too busy or lack the experience to look after it right, why not see what you and I can do working together on it? I am helping others; perhaps, I can help you. As to terms, I am satisfied with reasonable compensation. Address
